

Challenger K8 School of Science and Mathematics
Hernando eSchool - Procedural Information (Adding a Class)

Student name: _____ I.D. No.: _____

Please read the following carefully.

1. Hernando eSchool classes are on-line classes taught by Hernando County teachers. Completed courses earned through Hernando eSchool will go on the student's academic transcript and are accepted by Challenger K8 School.
2. Courses taken through Hernando eSchool take approximately the same time to complete as courses taken at CK8. That is, a semester course will take approximately 18 weeks to complete and a yearlong course 36 weeks.
3. Students may take Hernando eSchool courses to replace missing credits from failures or to accelerate curriculum.
4. Hernando eSchool's policy is that students may withdraw with no penalty if after trying a course they feel it is not a good fit for their learning style. The attendance policy for an eSchool course is that the student must submit 3-5 assignments weekly to remain enrolled in the course.
5. It is the parent's/guardian's responsibility to monitor their child's progress at Hernando eSchool. The parent will also be contacted by the eSchool teacher once per month for an update. **CK8 guidance counselors will not monitor course placement or progress.** **Students wishing to enroll in a Hernando eSchool course must**
 - a. Register for a course at ehernando.weebly.com
 - b. Bring THIS FORM signed by the student and parent to the counselor who will then give approval.

Nothing will move forward until both parent and counselor approval has been received by Hernando eSchool.

Success in this venue requires independence, initiative, organizational skills, and the establishment of a study regimen. We caution parents to carefully consider their child's strengths and weaknesses before using Hernando eSchool to replace courses that could be taken at CK8.
