Revised May 15, 2023

### What is a School-Parent-Student Compact?

A School-Parent-Student Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

#### Effective Compacts

- Link to goals of the School Improvement Plan.
- Focus on student learning skills.
- Describe how teachers will help students develop those skills using high-quality instruction.
- Share specific strategies parents can use at home.
- Explain how teachers and parents will communicate about student progress.
- Describe opportunities for parents to volunteer, Observe, and participate in the classroom.

#### Jointly Developed

The parents, students, and staff of Deltona Elementary developed this School-Parent-Student Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

**Parents are welcome to contribute comments at any time.**

If you would like to volunteer, participate and/or observe in the classroom, please contact the DES front desk at 352-797-7040.

### Building Partnerships

Family Fun Learning Adventures!

- Help your child become successful. You and your child will learn how to set learning goals and ways to achieve them.
- Join our SAC committee. It provides a place where parents can voice their opinions and suggestions. They have an active role in making decisions that will best serve the students by participating in setting goals and making plans to achieve those academic goals.

#### Join us for school-wide events:

- Bookapalooza in the fall.
- Winter Wonderland in the winter.
- Snoozapalooza, Poetry Café and STEM Night in the spring.

All events are fun filled with activities to strengthen core curriculum and provide strategies to help your child at home. More details to come!

### Communication About Student Learning

Deltona Elementary is committed to frequent two-way communication with families about children's learning. Some of the ways you can expect us to reach you are:

- Weekly homework folders.
- Monthly "check-in" notes or phone calls.
- Updates on the school website and current grades in online grade program.
- Postcards
- Global Connect, ClassDojo, Remind, and social media.
- Parent-Teacher conferences in October and as needed.

# Teachers, Parents, Students-Together for Success

## Our Goals for Student Achievement

**School Goals:** By increasing student engagement in the classroom, Deltona will increase the Federal Index for students with disabilities and black population to 41%. In addition, DES will increase daily student attendance from 90% to 92% or more.

- **In ESE and ESE Pre K**, our school will focus on curriculum and learning, social emotional behavior, independent functioning, and communication.
- **In Pre- K**, our school will focus on the following area(s): letter, number, and animal recognition and counting.
- **In Kindergarten**, our school will focus on letter & sound recognition, phonics, writing, listening comprehension, vocabulary, number sense, number computations, science and social studies skills.
- **In 1st Grade**, our school will focus on phonics, reading, writing, vocabulary, number computations, science, and social studies skills.
- **In 2<sup>nd</sup> Grade**, our school will focus on reading fluency, comprehension, vocabulary, number computations, word problems, science and social studies skills.
- **In 3<sup>rd</sup> Grade**, our school will focus on reading comprehension, math concepts and skills, including multiplication, division, and fractions, as well as science and social studies concepts.
- **In 4<sup>th</sup> Grade**, our school will focus on problem solving and math facts, developing essay writing skills, reading comprehension and vocabulary, Florida history, and science processes.
- **In 5<sup>th</sup> Grade**, our school will focus on reading comprehension, vocabulary, developing and strengthening writing with evidence, number sense, problem-solving skills, science, and social studies concepts.

## In the Classroom

The classroom teacher will work with students and their families to support students' successes in science, reading and math. Some of our key connections with families may include but are not limited to:

- Provide parents with home learning resources full of fun materials for Math, Science, and ELA.
- Monthly newsletter/communication which will feature games that families can play to review the vocabulary words we have introduced in our classroom.
- Share monthly links to family-friendly websites for building reading, vocabulary, math skills, and science activities.
- Students will bring their charged laptop to school every day.

## Deltona Students

Deltona students joined staff and parents to develop ideas about how they can succeed in school and show their Deltona PRIDE in science, math, and reading. Students thought of the following ideas to make connections between learning at home and school:

- Work with my family using the home learning resources to practice my standards.
- Play the games/activities from the home learning resources.
- Attend school every day, and complete school and homework assignments daily.
- Have 20/20 log signed daily.
- Attend tutoring and computer camp.
- YMCA homework help and computer lab
- Ask for help when needed.
- Bring my charged laptop to school every day.

## At Home

Deltona parents joined staff to develop ideas about how families can support students' successes in reading, science and math. Families may have other ideas to add to the list.

- Have fun with learning. Work with my child using the home learning resources to reinforce skills.
- Read with my child, practice vocabulary, and check to see if homework is completed daily.
- Follow up with the teacher if needed.
- Be present and available. Do research to find out what resources are provided at the school and in the community to help with my child's specific needs.
- Communicate with the teacher, check online grades, check communication app daily for any important updates.
- Make sure my child attends school every day.
- Discuss daily school and classroom happenings with my child.
