

## Fourth Grade Star Reader Words

evaluate	affix	rhythm	milligram
figurative	metaphor	simile	millimeter
interact	nuances	specific	centimeter
idiom	integrate	proverb	kilogram
explicit	antonym	synonym	kilometer
chronological	elements	implicit	decimals
inference	dialogue	structural	represent
summarize	identical	textual	symbols
allude	narrations	comprehension	simplify
contextual	literary	exclusively	equivalent
excluding	language	response	circular
editing	enhanced	persuade	factor
informational	description	illustrate	quotient
mythology	procedures	strategies	arrays
explanation	significant	contribute	decaying
maximum	persevere	flawed	estimating
symbol	customary	argument	protractor
interpret	operations	equation	geometric
comparison	exceed	solutions	eighths
environment	predictions	observations	collection
statement	addends	properties	interpret
numeric	expanded	recognize	dimensions
generate	composite	multiples	perimeter
factors	arguing	operations	conversion
context	remainder	rectangular	intervals
trapezoid	calculation	arithmetic	revolves
attributes	dimensions	physical	resources
chemical	galaxies	observable	igneous
classify	vibrations	symmetry	sedimentary
transformation	pitch	distinguish	metamorphic
cleavage	luster	minerals	renewable
erosion	weathering	phosphate	organisms
pollination	fertilization	germination	investigate
electrical	evidence	climate	inherited
adaptations	hypothesis	heredity	metamorphosis
cycles	environment	producers	consumers
