## LEGISLATIVE MANDATE

Florida Statute Section 229.58 and the newly enacted CS/House Bill 1661 amending section 229.58, Florida statutes *provide* information on the legislative mandate.

School Advisory Councils (SACs) continue to be a key component of Florida's system of school improvement and accountability. Currently section 229.58, F.S., requires each school board to establish school advisory councils. Section 229.58, F.S. also specifies that each SAC shall perform such functions as are prescribed by regulations of the school board; however, no SAC shall have any powers and duties now reserved by law for the school board. SACs assist in preparing and evaluating the school improvement plan (SIP), and shall provide assistance in the preparation of school's annual budget. SIPs are locally developed "blueprints" for achieving the state education goals and student performance standards.

Resources for support to SACs with implementations of this *bill* include "Florida's Sunshine Law", where SAC must comply with the open meetings requirements and "Robert's Rule of Order, Revised" Which is considered as the standard for conducting assemblies in the United States.

CS/House Bill 1661 delineates the legislative expectations that all school advisory councils in the state will have bylaws that establish specific requirements or procedures. Effective July 1, 2002
